# Heritage worth talking about and a progressive, responsive approach to business!

Davies and Metcalfe plc have used Hallidays for over 100 years (they're one of our longest-standing associations).

Chris Newman worked at Davies and Metcalfe as a draughtsman, but Chris was destined for bigger things! He left Davies and Metcalfe, set up Flexible Business Interiors (FBI) and thankfully used Hallidays as his accountant. From humble beginnings in rented offices with a team of 3, Chris' company now own their premises with a team of nearly 20 and a turnover of £5m. A story we're proud of at Hallidays.

Not surprisingly FBI completed the design and fit out of our new premises at Riverside House, Stockport which we moved to from Manchester in October '08. Why not come and see Chris' handiwork and learn how we can help your business too?

“*Much in common with today's economic climate, Flexible Business Interiors was founded by its present Directors in 1991 when trading conditions were anything but easy. Interestingly we never really thought about trying to conduct business in a recession, we just got on with it and 18 years later we're still here! There are many reasons why businesses succeed or fail. Our sustained growth has been achieved not only by hard work but undoubtedly by receiving good advice. Hallidays have been our accountants since our inception and have been a solid foundation for us to build from.*”
