

## Trinity Church of England High School

A school rich in history that values people and excellence in education. They knew that part of their success as an academy would only arise from the integration of a solid working relationship with Hallidays.

### Before

- ✘ There were concerns about the risks involved in converting into an academy and ensuring that the risks were identified.
- ✘ They were looking for someone who would get to know them and their school, who understood the challenges they faced and could offer support as they underwent huge changes.
- ✘ With limited resources and a fixed budget, the school wanted assurance they would know how much they were paying in advance.

### After

- ✔ Hallidays offered a free VAT and PAYE review which ensured from the start that any risks were highlighted and mitigated.
- ✔ Hallidays' support and guidance ensured they were equipped to handle the volume of information and complex reporting required within the deadlines. The confidence of the team grew in the knowledge that Hallidays' friendly, professional team were always there to advise them.
- ✔ We agreed our fees up front so the trust knew exactly what they were going to be paying. Any additional work was quoted for in advance, giving them control of where they chose to spend their money.

### Outcome

The finance team at Trinity have grown in knowledge and confidence with our continued support. They are happy to call on the Hallidays team knowing that they will always receive sound advice.

### What the client said

“ We consider Hallidays to be a strong, practical and experienced team of professionals. Without their knowledge, forthright suggestions and critiques, we would not have been able to deliver the desired results within the tight deadlines imposed upon us. ”
